

PRESS RELEASE

New elections for the Giflex Executive Committee: Alberto Palaveri confirmed for his second term of Presidency. He will be supported by a renewed Executive Committee.

The newly elected Executive Committee confirmed Alberto Palaveri (Sacchital) for a second term as Giflex President (2023-2026). This was announced at the conclusion of the **General Assembly of the Italian Flexible Packaging Producers Group** held in Rome on May 17.

At the close of the General Assembly, Palaveri stated: “I would like to thank the member companies for their renewed confidence. During my first term, in collaboration with the Executive Committee, I sought to develop interassociation partnerships and to create new connections with the political world and the institutions – both on a national and international level – as well as to communicate the sustainability, safety and identity of our packaging. What’s my commitment over the next three years? To be able to declare the zero impact status of our packaging”.

During his term Palaveri will be flanked by **Andrea D’Amato** (Seda) and **Neni Rossini** (Sit Group) as Vice-Presidents and by **Michele Guala** (Gualapack) as Giflex Ambassador in Europe.

New members of the Committee include **Lara Selvi** (Saica Flex Italia), **Stefano Trombetta** (Goglio) and **Luca Santandrea** (Masterpack).

Elisabetta Boriani (Lavorazioni Carte Speciali), **Ruggero Gerosa** (Cellografica Gerosa), **Mario Mensitieri** (Icimen Due) and **Giselda Virno** (Di Mauro Officine Grafiche) were confirmed as Committee members.

The position of Treasurer was entrusted to **Elena Peron** (Ampcor Flexibles Italia).

Milan, 22 May 2023

*GIFLEX established in 1985, is the **National Association** that brings together **manufacturers of flexible packaging** for food, pharmaceutical, chemical and other industrial applications. GIFLEX is a sub-group of Assografici, which in turn is part of Federazione Carta e Grafica – Federation of the Industry Associations for Paper, Printing, Converting and related technologies. GIFLEX currently includes 40 companies producing flexible packaging and 57 partner members, employing around 10,000 people in Italy, with a production of around 400,000 tonnes and a turnover of over 3 billion euros. GIFLEX with its member companies represents about 80% of the sector in Italy both in terms of volume and in terms of turnover.*
